

# TO BE KALIBI ( beginner level )

To be rules are very important for the lesson because it is more comfortable to create a sentences .

For example

Positive

I am a student

You are a student

He is a student

She is a student

It is a dog or (cat )

The people is creating a sentences about the'' to be rules''but there are many options about the sentences creating

For example:

Questions

Am I a student?

Are u a student

Is he a student

Is she a student

Is it a dog

Maybe I think there are creating for the sentences which has a vocabulary options. But if it's more comfortable to be learning about the vocabulary.

Let's learn ''to be ''

Negative :

I am not a dentist

You are not a dentist

He is not a dentist

She is not a dentist

It is not a dog

We are not a student

They are not a dentist

If u want to learn “ to be ” rules you can create a sentences like that
